

# Data visualisation challenge FAQs

**1. What is the Global Index on Responsible AI Data Visualization Challenge?** It's a global competition inviting individuals and teams to create data visualizations using the 2024 Global Index on Responsible AI dataset. Participants explore trends, challenges, and disparities in Responsible AI to inspire action and policy change.

**2. Who can participate in the challenge?**

The challenge is open to everyone worldwide, regardless of professional or academic background. Participants must be at least 18 years old or meet the age of majority in their country.

**3. Do I need prior experience in data visualization to join?**

No! The challenge welcomes participants of all skill levels, from beginners to seasoned data analysts and designers.

**4. Can I participate as part of a team?**

Yes. Participants can join individually or form a team. Teams must designate one representative to receive any awarded prize on behalf of the group.

**5. Is there a registration fee?**

No, registration for the challenge is completely free.

**6. Can I use external data alongside the provided dataset?**

No. To ensure fairness, only the provided dataset can be used unless explicitly permitted by the organizers.

**7. What formats are acceptable for submission?**

Your visualization can be submitted as:

- A high-resolution image (JPEG/PNG)
- A PDF file

**8. How will my entry be judged?**

Submissions will be evaluated based on:

- Clarity and communication (25%)
- Relevance and insightfulness (25%)
- Creativity and originality (20%)
- Technical proficiency (15%)
- Relevance to the theme (15%)

A bonus 5% will be awarded for usability in advocacy.

**9. Are there specific tools I must use to create my visualization?**

No, participants can use any tools or software they prefer, such as Tableau, Python, R, or Excel.

**10. What if I don't have a background in AI or data science?**

That's okay! The challenge is designed to be accessible to all skill levels. Focus on creativity and storytelling in your visualization.

**11. Can I edit my submission after uploading it?**

No, once your entry is submitted, it cannot be modified. Ensure all materials are finalized before submission.

**12. Will there be any support provided during the challenge?**

Yes! A welcome webinar will be held on **19th December 2024** to guide participants, and additional reminders and tips will be shared via newsletters.
